AT A GLANCE

What you can **expect.**

A finish that holds up close

Level, aligned and clean at the edges — every surface.

Homes and businesses

Homeowners, builders, designers and property managers.

Craft, not coverage

Precision cutting, straight layout and a tidy jobsite.

Warm and exacting

Premium materials, handled by people who respect the room.

OUR SERVICES

Tile, flooring and carpentry.

Three trades under one standard — for the rooms you use every day.

Tile

Floors, showers, backsplashes and large-format surfaces.

Flooring

Hardwood, engineered wood and luxury vinyl plank.

Carpentry

Trim, molding, built-ins and interior finishing.

❏❏ TILE · 01 OF 03

Beautiful tile. Beautiful spaces.

—◆—

The right tile can transform the look and feel of a room. From bathroom walls to finished floors, we bring precision and attention to detail to every installation — clean lines, balanced layouts and carefully finished surfaces.

Laundry and mudrooms · Retail and office
floors · Lobbies

	Floor Tile	Porcelain, ceramic and stone floors, set flat and square.
	Shower & Wall Tile	Waterproofed assemblies, aligned walls and finished niches.
	Backsplash	Kitchen and bar walls cut around outlets and cabinetry.
	Large-Format	Oversized panels with leveling systems, on commercial floors.
	Precision Cutting	Wet-saw and miter work for edges, thresholds and inside corners.
	Grouting & Finishing	Grout, caulk lines, transitions and a final clean-down.

FLOORING · 02 OF 03

Floors that **transform** your space.

Your floors set the tone for comfort and style. Whether you prefer the warmth of hardwood or the versatility of luxury vinyl plank, we bring attention to layout, installation and finishing details to help create floors that complement your space.

FLOORING OPTIONS

Flooring options for
your **home or business.**

WHERE THE WORK HAPPENS

Living rooms · Bedrooms · Hallways
and stairs · Kitchens and dining
rooms · Home offices · Rental
turnovers · Retail and office floors

	Hardwood Installation	Solid and engineered oak and walnut, set over a prepared subfloor.
	Engineered & LVP	Luxury vinyl plank and engineered board, floated or glued down.
	Layout & Plank Fitting	Stagger, expansion gaps and perimeter spacers set before the first row.
	Subfloor Preparation	Flatness checked and corrected before a single plank is laid.
	Sanding & Refinishing	Edge and field sanding, screening and a dust-controlled clean-down.
	Finish Application	Clear coats rolled out wet-edge, cut in at every wall and threshold.

The details that **complete** your space.

Beautiful interiors are defined by the details. From trim and molding to custom shelving and built-ins, finish carpentry brings character, function and a polished look to every room.

CARPENTRY SOLUTIONS

Custom carpentry
and interior finishing.

WHERE THE WORK HAPPENS

Entryways and mudrooms · Living and dining rooms · Bedrooms and closets · Staircases · Kitchens · Home offices

	Door Casing & Trim	Interior casing hung plumb, mitres closed and reveals kept even.
	Baseboard & Molding	Baseboard and shoe scribed to the floor, coped at inside corners.
	Window Stool & Apron	Stool, apron and surround fitted level and returned at the ends.
	Wainscoting & Panels	Board-and-batten and panelled walls, set out square with a cap rail.
	Built-Ins & Closets	Mudroom benches, shelving and closet systems, supported and square.
	Stairs & Cabinets	Treads, risers and balusters — plus cabinet hanging and alignment.

ROOM BY ROOM

EVERY DETAIL MATTERS

Beautiful **up close**, not only from a distance.

The difference between a good finish and a beautiful one is often found in the smallest details.

Alignment

Level, square
and lined up.

Clean cuts

Wet-saw edges, no
chipped corners.

Surface preparation

Flat, dry and ready
before we start.

Finishing touches

Grout, caulk and trim
closed out.

 **CARE FOR YOUR HOME**

Your space deserves **respect.**

Your home is more than a project site. It's where you live, relax and create memories — so we approach every job with care.

 **Protected floors and surfaces**

 **Contained dust**

 **A tidy space at the end of every day**

HOW WE WORK

Five steps, **one standard.**

The same sequence on every tile, flooring and carpentry job — so the finish reads straight from the doorway.

Layout set first

Measured and dry-laid before anything is fixed.

Cuts made clean

Wet-saw and miter work, no chipped edges.

Level and true

Flatness checked across the whole surface.

Finished, not just installed

Grout, caulk, trim and a final clean-down.

Walked and signed off

You see the finish before the crew packs up.

OUR CLIENTS

Who we **work with.**

Homeowners, builders and designers —
the finish has to survive a close look.

Homeowners & remodelers

Kitchens, baths and floors
where the finish is the point.

Builders & general contractors

A finish crew that works to
your schedule and drawings.

Designers & property managers

Specified layouts and
commercial spaces
held to a standard.

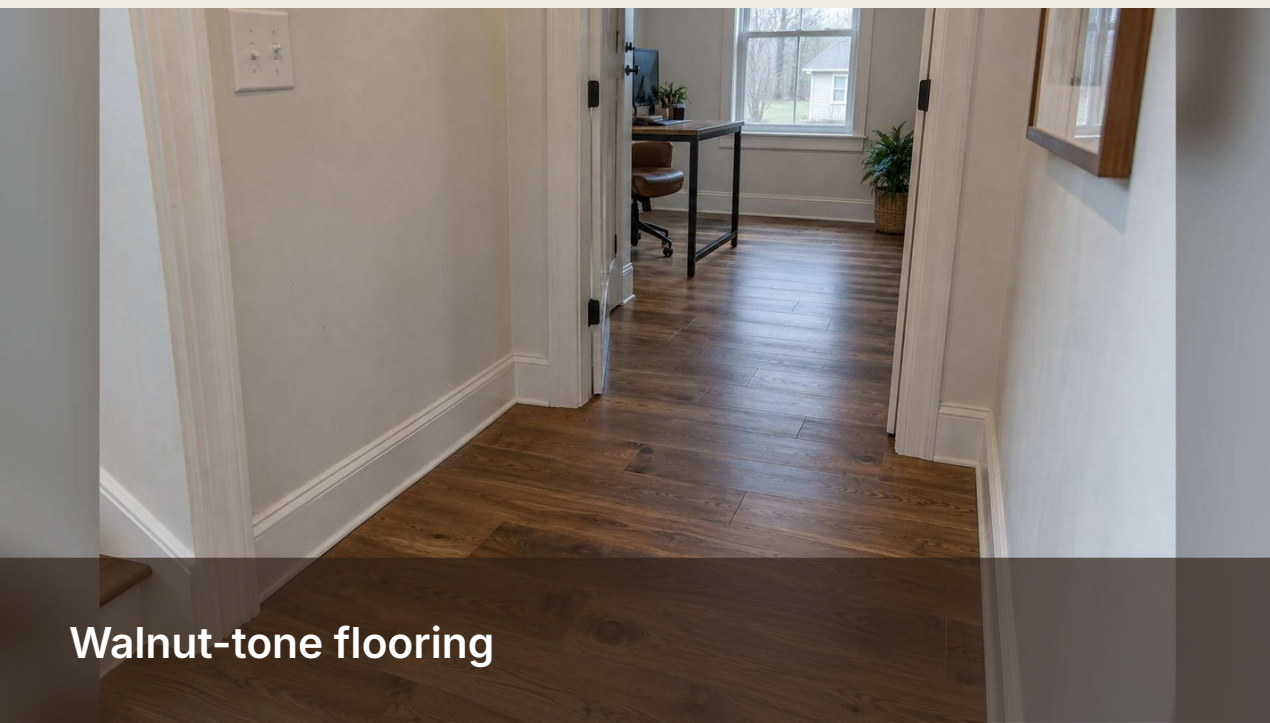

BRING NEW LIFE TO YOUR SPACE

**The right finishing touches
make a room feel new.**
